

Subject: Job Opportunities at Bubble

Hello Chris,

I am writing to express my strong interest in the Web Designer or Business Development Manager positions at Bubble Design & Marketing. My experience as Design and Business Manager at Rarebleech has provided me with a solid foundation in web design, business development, and client relations, and I am eager to bring my skills to your team.

I am looking for a role where I can contribute to exceptional design while actively driving business growth. I have a proven track record of success in web design and development, client relationship building, and implementing effective strategies, including branding and visual identity development.

I'm particularly drawn to Bubble Design & Marketing because of the agency's impressive work and the evident passion of your team. I believe a genuine and supportive team environment is essential, and I'm confident I would thrive in your collaborative setting. I am also eager to expand my skillset under experienced leaders like yourself.

I am seeking a full-time/hybrid position that offers flexibility with a combination of remote and in-office work, allowing for a healthy work-life balance and valuable in-person collaboration.

Thank you for your time and consideration.

Sincerely,
Anton
