

Subject: Job Opportunities at Peter & Paul

Hello Peter,

I am writing to express my interest in the working with Peter & Paul. Having previously served as the Design and Business Manager at Rarebleech, I possess a strong foundation in web design, business development, client relations and I am eager to contribute my skills and experience to a thriving team like Peter & Paul.

I am seeking a role where I can not only contribute to exceptional design but also actively participate in driving business growth. I am a results-oriented individual with a proven track record in successful web design & development, client relationship building, implementing effective strategies and branding & visual identity development.

I am particularly drawn to Peter & Paul as an agency with the incredible work you do and I can see the passion behind your team which I'd love to be a part of. I believe that working within a genuine and supportive team environment is crucial for my success, and I am confident that I can thrive in a collaborative setting where I can learn from and trust my team.

Furthermore, I am eager to learn and expand my skillset by working alongside experienced entrepreneurs/visionaries like yourself. I am particularly interested in the possibility of mentorship opportunities where I can learn from you and the team to gain deeper insights into various aspects of design and business.

I am seeking a full-time/hybrid position that offers flexibility with a combination of remote work and in-office presence. This arrangement will allow me to maintain a healthy work-life balance while also fostering valuable in-person collaboration..

Thank you for your time and consideration.

Sincerely,
Anton
